Universal Pedagogy for Schools Small and Large; Suburban, Rural and Urban

Whether you're a teacher who has years of experience or a teacher at the start of your career; in a rural, urban or suburban setting; at a small school or large one, the pedagogy offered is relevant to band directors from a wide range of teaching environments. Music for All presenters represent a range of school sizes and settings, providing insight and expertise from directors dealing with real-world situations.

The "Nuts and Bolts" aspect of the curriculum will deal with fundamentals of teaching in a middle school setting. In a nutshell, we will fill the gap to teach you what you didn't learn in college! The "Ensemble" sessions will focus on the challenges that accompany the ensemble experience. Other sessions include **Maximizing the Middle School Experience**, focusing on both maximizing your students' middle school experience, as well as helping you to prepare them for the journey to high school.

Control Your Own Experience

Customize your curriculum with choices focusing on a wide range of tracks and topics relevant to today's band director in concert band, jazz, marching and technology. You can also observe all the student division classes, watching master teachers in all areas of instrumental instruction in action.

MUSIC FOR ALL JOINS

Scott Lang and Music for All are attempting to enroll 350,000 new students in band through their nationwide campaign, Be Part of the Band. This free resource provides high quality materials for teachers, students, parents,

and administrators to help better explain the "elementary band experience" and its importance in the overall educational process. The materials are available in both hard copy and digital format via the website, www.bepartoftheband.com.

Included in this dual-disc set are seven high quality, high definition videos and eighteen written documents that will help all parents and students better understand the different types of instruments and the musical opportunities they provide.

In addition to the thousands of web visitors and early adopters, sponsors and music education groups from eight states (AR, CA, IN, MN, NV, NE, OK, and UT) have purchased materials for their entire state!

Cutbacks in education and high stakes testing have pressured schools to remove the very programs that create engaged and enthusiastic learners. Be Part of the Band, Elementary Style aims to raise both awareness and enrollment for music programs throughout our nation and increase achievement along the way.

"Music education is the perfect storm of learning. It combines the artistic and the athletic, the aesthetic and academic, and challenges students to achieve as individuals in a group setting. Successful schools have successful music programs and Be Part of the Band, Elementary Style is going to give educators the tools to bring music back to our public schools."

— Scott Lang, music educator and advocate

Here's what Directors are saying about the 2014 Middle School National Music Festival...

"Throughout the festival, our band staff, students, and parents were surrounded by literally thousands of people who had all been working toward our same goal — preparing to perform at the highest level for an esteemed panel of evaluators and a knowledgeable audience of fellow band directors and students at this prestigious national event. The beautiful facilities, the number of people involved who all value music education, the high-quality clinicians, and the positive energy was so prevalent throughout the festival. The musical growth that directors and their ensembles will experience from pushing yourself to perform at an event like this is unparalleled by nearly any other event. It opens the eyes of your students and parents to the power of music education, how big the world of band really is, and the incredible ways it is being used to provide positively life-changing experiences for students across our country."

MIDDLE SCHOOLS **shine** AT THE 2014 NATIONAL FESTIVAL

"The camaraderie and support from all the directors, clinicians, and MFA staff was wonderful. We were all there for a common goal of making music and sharing it with our peers. It was a wonderful environment as an educator to collaborate with the other directors and clinicians at the festival. Each student's dedication and growth exceeded my expectations. At the end of the performance, everyone was so fulfilled and proud to be a part of this wonderful festival."

— Susan Bass, Director of Bands • Mason MS • Mason, OH

"I was sitting on the side balcony during the Honor Band of America concert, so I was able to see my students' faces throughout portions of the concert. What a thrill! One of our seventh grade clarinet players looked like he won the lottery when composer Samuel Hazo stood up, right in front of him, to be recognized after the premiere of his new composition. Then, Mr. Hazo turned around and talked to my students for a while...such a cool experience for them. Everything we did, from our performance, to our clinic, to the student social, to the master classes, and even the meals were student focused. It was a first class event the entire time."

— Matt Koperniak, Director of Bands • Riverwatch MS • Suwanee, GA

"The parents were so excited after the comments they heard from other parents in regards to our group. It helped them realize what their children are a part of and gave them a new appreciation for music education."

— Leigh Ann McClain, Director of Bands • Griffin MS • The Colony, TX

National Festival

presented by  YAMAHA

March 12-14, 2015 • Indianapolis, IN

The Middle School National Music Festival at the Music for All National Festival helps plant the seeds of excellence early. Middle school concert bands, percussion ensembles and orchestras have the opportunity to experience this national stage. New for 2015: expansion to include the Chamber Music National Festival!

A non-competitive, supportive experience: Directors select their own programs, there is no required repertoire. There are no ratings or rankings so directors and their ensembles are free to stretch themselves, reach for new heights and strive for innovation, growth and excellence — instead of focusing on a rating or placing.

Participating students experience an atmosphere of mutual respect while enjoying concerts from other outstanding ensembles. The Festival's dress code and standards of conduct enhance the world-class atmosphere of the Festival. Ensembles that perform at the Festival are recognized as being among the finest in the nation. Participation is a "credential" worth having. The preparation process itself for the Festival can have a positive effect on your music program.

Festival concerts will be held at Clowes Memorial Hall and the Howard L. Schrott Center for the Arts at Butler University; Hilbert Circle Theatre, home of the Indianapolis Symphony Orchestra; and Warren Performing Arts Center.

The 2015 Music for All National Festival will be hosted at the Marriott Place Indianapolis, featuring the JW Marriott and three additional Marriott properties. Marriott Place Indianapolis is located in downtown Indianapolis and is surrounded by numerous cultural and recreational attractions.

Requirements for Application

All auditioning ensembles receive recorded and written critique from a panel of esteemed music educators on the selection/evaluation committee. The listening is "blind"—ensembles are not identified to evaluators in the listening process. Evaluators then recommend the ensembles that demonstrate an exemplary level of excellence to perform at the Festival.

Application consists of the completed Application Form submitted with the audition CD and application fee. Specific requirements for application audition recording are included on the Requirements for Application page in the application packet. The application fee is \$250 per ensemble, with reduced application fees for additional ensembles applying from the same school.
